

AIM NATIONAL EYE PROTECTIVE EYEWEAR POLICY

Maintenance Employees –

Safety glasses are to be worn at all times by maintenance employees while in the shop area. This also applies to working on trucks in the yard at Aim facilities, working on equipment at our customer's facilities and also while on road calls. Other Personal Protective Equipment, or PPE to protect your eyes and face may be required if the hazard assessment warrants the use of PPE. Any tasks involving the use of power tools, impact guns/wrenches, grinding, cutting or welding, transferring of hazardous chemicals or work underneath a vehicle requires the use of the appropriate PPE. Other eye and face protection includes, but is not limited to, impact and/or splash resistant goggles, face shields and goggles and welding helmet with the appropriate filter lenses. In the event that your safety glasses or any of the PPE items become damaged or unavailable for use for any reason please see the service manager or your direct supervisor to receive new safety glasses or any other piece of PPE.

Eyewear Cleaning Station –

A station for cleaning safety glasses and other PPE for eye and face protection will be provided for employees at each Aim facility.

Violation of Policy – Violations of this policy will result in progressive disciplinary action up to and including termination of employment.
